FROM

K. Chandy Esq., B.A.,
Revenue Commissioner in Mysore

To

The *Secretary to the Government of*
His Highness the Maharaja of Mysore,
R e v e n u e *Department*

SIR,

In continuation of my letter No. C.147 dated 12th October 1923 submitting the 4th Weekly Season Report of the Kolar District, I have the honor to state that I proceeded to Goribidanur on the 11th afternoon where the Deputy Commissioner and the Sub Division Officer met me. The next morning we inspected the area which the Deputy Commissioner said was most affected. The villages of (1) Hudugur, (2) Vatadahosahalli, (3) Mallenahalli Jodi, (4) Nagargere, (5) Kottur and (6) Subbanahalli were inspected and also the following Works:--

(1) Hudugur Tank,
(2) Nagargere Kottur Road,
(3) Subbanahalli Road, and
(4) Vatadahasahalli-Kottur Road.

From Subbanahalli, I proceeded to Gudibanda, and returned to Bangalore, viz, Chickballapur.

2. Besides the area inspected, there are other villages also bordering on the Hindupur and Maddagiri Taluks, where the rainfall has been scanty and the labouring classes are greatly in need of labour. In the Nagargere village, a few Panchama women and children appeared to be in a famished condition. The Amildar, under the Deputy Commissioner's instructions, had arranged giving gratutious relief from private sources in this

15/10

village; but, for want of funds, this appears to have been discontinued. Needful arrangements were made for continuing relief in the case of people unfit for work, and I expect this will continue for about a fortnight. If the rains should fail entirely, a regular system of relief in such cases will require to be organized as was done at the time of the last scarcity, and I shall address Government again in the matter; but, if, even now, a small amount could be graciously given by the Government, as was done after the floods in the Malnad, it would be a great source of help and encouragement.

3. I am submitting lists of works in the affected area that are started and in progress, of those proposed to be started immediately, and of works proposed to be taken up for which estimates are being got ready. These works do not occur in sufficient numbers for giving work to the aged and weak who are unable to walk long distances, and I have requested the Deputy Commissioner to start immediately works in the villages that are worst affected for enabling such people to obtain work. As I have stated in my report about the Maddagiri Taluk, it is essential that works should be started wherever there is need for labour and that the men are not allowed to go to long distances.

4. I have instructed the Deputy Commissioner to get ready immediately estimates for village works that would afford relief for at least a third of the population in the area from 4 to 6 months.

5. The amount of takavi loan that has been sanctioned for this area, excluding the bare minimum allotted for other Taluks, is ₹8,300/-; and, out of this, ₹7,500/- has already been spent mostly in very small loans. There is a very strong demand for takavi loans both in Goribidanur and Gudibanda; and, as the better class of ryots are also in need of loan, the Deputy Commissioner thinks, and I agree with him, that instead of the ₹4,000/- that he has asked for in the Season Report

for

referred to above, a sum of ₹10,000/- should be sanctioned immediately for Takavi. I request the favour of immediate sanction to this amount.

6. For Tank Maintenance, the amount already sanctioned is ₹5,000/-; out of which a sum of ₹2,400/- has already been spent. As works have to be started in several areas, an additiona allotment of ₹10,000/- is required under this head also. As recommended by me for the Maddagiri Taluk, I beg earnestly to recommend, in view of these people having been severely affected during a succession of years -- the villages in Maddagiri and Goribidanur forming a continuous belt with very scanty rainfall -- that half the maintenance amount may be waived and only the remaining half charged to the ryot population.

7. For Village Improvement, the amount sanctioned by the Deputy Commissioner for the affected area is ₹2,000/-. This has not been spent yet. But, as provision has to be made to give work for old men and women in delicate state of health in almost all the villages immediately, the Deputy Commissioner requests sanction for an additional amount of ₹5,000/-, and I beg to recommend the same.

8. The total amounts required are these:--

(1) ₹10,000 under Takavi,

(2) ₹10,000 under Tank Maintenance, and

(3½ ₹5,000 under Village Improvement,

and I request immediate sanction to these amounts. In the event of heavy rain falling in this area within a fortnight, it might be possible to surrender some of these amounts later on; but the estimates have to be sanctioned immediately, and hence the amounts have to be allotted.

9. It is understood that the District Board of Kolar has requested Government for an amount of ₹10,000 for sinking drinking water wells in the Kolar District. The Deputy Commissioner

thinks that there is need for even ₹20000/- and that the whole of this amount could be spent during the year. As the need for drinking water wells for Panchamas is very urgent and there have been several cases of relapsing fever on account of dirt among these people, I request that the requisition of the District Board may kindly be complied with immediately, and, if only ₹10,000 is sanctioned, half the amount may be ear-marked for wells for Panchamas.

10. The conditions in Gudibanda are considerably better, and, on account of good rainfall, it is learnt that there is no immediate cause for anxiety in the other Taluks.

11. I have received the Government Order No. R.1679-83 R.M.11-23-28 dated 12th October 1923 after writing the above, and have requested the two Deputy Commissioners to let me know immediately the approximate amount of tank maintenance cost that might be waived in any case immediately, and that might be waived in case the rains fail completely.

I have the honor to be,

Sir,

Your most obedient servant,

K. Chandy

Revenue Commissioner.

Dear Sir,

In continuation of my letter No.147 dated 27th October 1923 requesting sanction to a further allotment of Rs.5,000/- under Takavi for the Kolar District, I write to say that it is ascertained from the Deputy Commissioners that they are not in a position to surrender any portion of the grant made to their Districts. The situation in the Kolar and Tumkur Districts has not yet in any way improved and is still causing much anxiety. It may become necessary to grant loans freely to people in the affected tracts. In the aforesaid circumstances, I request that an additional grant of Rs.20,000/- may kindly be sanctioned and placed at my disposal for distribution among the Deputy Commissioners whenever necessary.

Yours sincerely,
